Subject: RE: OW TRCP Meeting, Wednesday, October 21, 2015,

On a different matter, I am tracking the Wyoming Department of Environmental Quality's effort to reclassify streams in the state from primary contact recreation to secondary contact recreation under the Clean Water Act. I have heard concerns about this process from sportsmen in Wyoming and would like to see if there is anyone at EPA I can talk to about it. EPA will have to approve Wyoming's plan before it becomes effective.

Jimmy
